Since May 2020, our worship services were streamed online in response to the COVID-19 pandemic. We plan to upgrade our IT devices to enhance the quality of online services. The upgrades included purchasing new computer, wireless microphone, audio mixer, video converter, video camera, and data projector. These upgrades would be essential to maintain the congregation's participation in worship during this epidemic and would continue to benefit even after we hold worship at the church sanctuary after the pandemic.
