

LIFE GROUPS

REAL. LIFE. TOGETHER.

Connecting “You” Is Our Priority!

The Heartbeat of a Church

Life Groups are the heartbeat of a Church. The main purpose of a life group is fellowship, Bible study, and Christian accountability. It is meant to encourage and strengthen one another and is the primary source of discipleship that cares for each person that attends.

Life Groups are the best place to connect with other believers. They are designed to develop deeper relationships first with God and then with others who can encourage and challenge you to consistently apply the truths of God's Word to each area of your life.
