

## **Nursery Worker -**

We at Crestwood value and make the most of our time with even the youngest children. While they are in our care we teach them basic biblical truths, Bible stories, and do worship with them as they grow in Christ! While you are with the children you will be responsible for changing diapers and taking kids to the bathroom as well as teaching and leading Bible stories while truly showing the love of Christ to each one!

Crestwood provides childcare for our weekly, Sunday and Wednesday services as well as various other ministries and events that frequently serve our parents of young children. You will also be expected to attend regular training to maintain a department of excellence. A flexible schedule that prioritizes all workers to continue their personal spiritual growth and participation within the Body is supported.

Candidates should love kids, be CPR certified (or will to be prior to hire), be Risk Management Certified, have flexible hours, work well with others and do all things with a servant heart, working as unto the Lord, with a willingness to be flexible as the needs of the day vary. This position directly reports to the Children Director, Sarah White.
