## **ADDITIONAL NOTES**

| Intro:                      |                                |  |
|-----------------------------|--------------------------------|--|
|                             |                                |  |
|                             |                                |  |
|                             | _ up in your heart the eternal |  |
| that lasts forever. (19-21) |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |
|                             |                                |  |

| on the Light of the world. (22-24) | II | only one Master, with your eyes clearly |   | III | first the One who | you. (25-34) |
|------------------------------------|----|---|---|-----|-------------------|--------------|
|                                    |    | on the Light of the world. (22-24)      |   |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   | _ |     |                   |              |
|                                    |    |   |   |     |                   |              |
|                                    |    |   |   |     |                   |              |
