

YOU WILL HELP *CHANGE LIVES*

It's the point of all of this and it's why we run. Water changes everything. Children are able to go to school, infant mortality rates drop by half, health improves, and crops and livestock thrive.

Just \$50 provides lasting clean water to 1 person. Consider how many people you want to provide with clean water through your fundraising: 26? 60? 200? Step through fear and be bold! World Vision is the leading non-government provider of clean water in the developing world, and we'll be excited to show you the impact of your fundraising on real communities.

YOU ARE NOT ALONE

Look around. Your church is taking on this challenge together, so you've got a team within a team! You'll tackle long training runs together, share fundraising ideas and success stories, and have an amazing team captain to answer your questions.

And don't forget you'll be joining thousands of Team World Vision teammates across the country. So you'll get all of the training and fundraising support you need on our website, through weekly emails, texts, local events, and special resources in the mail.
