John 12: 12-19
Triumph of Peace
Pastor Clay Smith

- The crowd wanted Jesus to bring triumph in the way they expected. Where are you most tempted to want Jesus to work according to your plan rather than trust his way?
- The Bible teaches the real problem is not only “out there” in the world but also in our own hearts. How does that change the way you think about evil, repentance, and your need for Christ?
- Jesus entered Jerusalem as a King of peace, riding a donkey and moving toward the cross. What does this show us about the kind of King Jesus is, and how his making peace may come differently than the peace people usually want?
- The sermon says disciples are called to do the right things in the right way, shaped by the cross. What might that look like in one relationship, conflict, or responsibility in your life right now?
