MINISTRIES

The following is a direct script of a teaching that is intended to be presented via video, incorporating relevant text, slides, media, and graphics to assist in illustration, thus facilitating the presentation of the material. In some places, this may cause the written material to not flow or sound rather awkward in some places. In addition, there may be grammatical errors that are often not acceptable in literary work. We encourage the viewing of the video teachings to complement the written teaching you see below.

Shalom everyone,

As we step into 2025, we want to take a moment to reflect on the incredible journey of the past fifteen years. Since our inception, our mission has remained steadfast: to create a high-quality and comprehensive Torah apologetics video library, accessible to all, free of charge. By Yahweh's grace, we now have over 600 teachings, freely available for you and your loved ones to stream online. Additionally, our entire video and transcript library is now conveniently available on the 119 Flash Drive, which you can find at 119FlashDrive.com.

Our goal has always been to simplify complex topics, equipping believers to defend the fullness of God's Word. Over the years, we have dedicated ourselves to helping believers deepen their love for God and others, walking in his truth, and responding faithfully to the promise of salvation through Messiah Yeshua's grace.

While this mission has borne much fruit, we sense that Yahweh is calling us to press on even further. Some have suggested that time may be short—and perhaps it is. If so, the urgency of our mission becomes even clearer: calling the nations to repentance. This new season of 119 presents an incredible opportunity to build upon the foundation of the past 15 years. Our focus will be on expanding the reach and impact of the 119 library while creating engaging, high-quality, and shareable video resources that equip and inspire believers to bring the life-changing message of Yeshua to the nations.

What do we mean by that? Well, here are some of the new projects that we're producing:

- **The 119 Contextual Compendium**

For 15 years, our audience has yearned for this production, and at long last, we are committed to making it a reality. This monumental undertaking, years in the making, will serve as a groundbreaking teaching tool—succinct yet powerful. In under 120 minutes,

this “one-stop shop” will address every so-called anti-Torah Bible verse, providing crystal-clear clarity and empowering viewers to walk as Yeshua walked.

But it doesn't end there. Each topic will seamlessly guide the audience to deeper teachings within the 119 Ministries library, offering expanded insights and rich, detailed information. The 119 Compendium is more than a teaching—it's the culmination of a vision, designed to equip believers like never before.

- **119 Thoughts Retooled**

We're breathing new life into this beloved series. Leveraging advancements in video editing, these retooled captivating video shorts will inspire viewers to want to explore the depths of the Torah-observant faith.

- **The Sabbath Day Documentary**

The Sabbath often serves as a gateway for understanding the relevance of all of God's commandments. This comprehensive documentary will dive deep into the significance of the Sabbath, highlighting how it has been observed by various Christian communities throughout history.

- **Expanding the “119 Essentials” Series**

This transformational series equips believers with foundational faith-based truths in engaging, short videos that are easy to watch and understand. We're doubling our investment in this impactful content, bringing even more teachings to you.

- **119 YouTube Continuous Stream**

Launching soon, this 24/7 YouTube feed will broadcast 119 Ministries content non-stop, offering an online gathering place for teaching-based discussions, fellowship, and encouragement.

- **119 Viral Graphics and Memes**

We are currently in the process of refreshing our graphics and memes for enhanced social media engagement.

- **Animated Skits**

Imagine high-quality CGI animated conversations between two characters—perhaps a traditional pastor and someone who's just read Matthew 5:17-20 with fresh eyes. These creative skits will teach profound truths while modeling patient, loving discussions. And the best part? These high-quality tools can be produced at minimal cost!

To accomplish these projects within a reasonable timeframe, we are adjusting our regular weekly video release schedule to a more flexible approach based on when new videos are ready. We will still be making our regular content, but we won't be releasing a new video every single week. Instead, you can expect about two of our typical videos each month, while we make room for these exciting additional projects that we are confident will serve you and your loved ones well. Thank you for your patience and understanding as we transition to this new, more “irregular” production schedule. We believe this adjustment will allow us to deliver content that is both impactful and meaningful.

We are thrilled about what lies ahead and deeply honored to continue this journey alongside you. Your unwavering support has been instrumental in bringing the message of truth and hope to the nations. For that, we extend our heartfelt gratitude.

As we pursue Yahweh's calling, we humbly ask for your continued partnership. We pray that Yahweh moves the hearts of friends and supporters to join us in carrying this mission forward. Shalom and blessings,
