

Galatians - A Gospel Of Grace

The book of Galatians is a challenging and powerful book. Written by the apostle Paul early in his ministry (around 49-50 AD), it reveals one of the first serious doctrinal struggles in the church. The main issue at stake was legalism vs. grace.

This letter is surprisingly relevant to the church and its struggles today. Some of the greatest misunderstandings are connected to how and when a person is saved from their sins. Everyone seems to believe they can live and act however they want and still be saved. Paul makes it clear that salvation is only found in trusting in the gospel of Jesus Christ (Gal. 1:6-10). Trusting in anything else will not work and might make things worse.

The problem in Galatia was false teachers who had infiltrated the church and begun to convince them that

Paul was not really an apostle and the gospel he preached was not good enough. Paul had nothing but strong words for these false teachers and any Galatian Christian who would agree to return to legalism. He called it "desertion" (Gal. 1:6) and turning to a "different gospel".

Lastly, this book teaches us that faith in Jesus gives us new life, a new faith, and a new and better way to be saved before God.
