

# October Newsletter 2024

Dear parents,

Wow it's October! It's been an awesome last couple of months! This month is full of exciting things like Fire Prevention week which is from the 7th –11th. We are going to be learning about family (immediate and extended), pets, and homes. With us learning about family, pets, and homes, it would be great if you could send pictures of your family. Some examples are mom, dad, siblings, grandparents, aunts, uncles, cousins, and any other relatives. Pictures of pets at home if you have any would be great too.

We will continue to sign the words (more and all done) and used them during our snack and lunch times. As we move on to October, we will continue to work with them on their language development by starting to name familiar objects around their environment, their physical development skills by going out to the playground among other things.

We will continue to learn about Gods' love for us and the great things He has prepared for us. October will be filled with lots of learning as well as lots of fun!
