

October 2024 Lions

Parents,

The children had great start to the new school year. They are doing a wonderful job getting into the routine and reconnecting with old friends and meeting new friends.

We will explore seasonal changes, harvest time on the farm and fire prevention week. Each week we will discuss a different topic and incorporate God's word from the Bible.

Fire Prevention Week will be the week of October 7th through the 11th. The Nassau Bay Fire Department will come out and show the children the fire truck and explain the purpose of parts of their uniform. It is also a way to familiarize the children with what a firefighter looks like when they are in full protective gear. With all of this, get ready to see our children become little firefighters this month!

As the weather around us is starting to change, enjoy a cool evening with your child as you take a walk in the brisk fall air or cuddle up a great book. Take a moment and with your child how God is changing the world around us this season.

May God grant you and your family a harvest of love and blessings!

Your Sisters In Christ,

Ms. Cher & Ms. Veronica

Parents as Partners

Did You Know? Singing is good for the brain. It increases oxygen intake which increases alertness. It is a happy activity that also increases endorphins. Endorphins are a substance our bodies make, naturally that reduces pain and brings about feelings of pleasure. Endorphins help keep our immune system healthy and our stress in check

Dates To Remember:

10/4th & 5th
10/044th
10/07th - 10/11th
10/13
