Autumn has arrived! This means the weather tends to be warm one day and cooler the next, with maybe some rain in between. Please dress your child appropriately for the ever-changing weather and provide alternate clothing for your child. A change in weather also brings changes in seasonal allergies and illnesses. Please help your child with nose wipes and washing hands at home, so together we may control the spread of germs. Please do not send your child to school if you suspect they are ill or they do not feel well enough to participate in classroom activities.

If you have any questions that I may help you with, please contact me at svindas@dayonechristianacademy.org. You may also visit our website for updates and additional program information at www.dayonechristianacademy.org.
