

**Job Posting:**

**Audio Visual Coordinator and Sound Technician -- Fredericksburg UMC**

**Updated 5/2025**

Fredericksburg United Methodist Church is a mission driven church seeking to hire an Audio Visual and Sound Technician who desires an exciting and collaborative work setting. This person will seek to produce top quality worship experiences both in house and on line. This includes the best music mix to support worship (in person and on line) and video for both traditional and contemporary worship services. In addition, this person will recruit, train, and oversee volunteers who will then work together as teams. Ultimately, these teams will run the equipment, while this person oversees and supervises the production.

The job includes possibly attending and participating in necessary worship and organizing meetings, including planning and overseeing special services (eg. Christmas Eve, Easter) and special functions (eg. Vacation Bible School). This is a part-time position requiring 10-12 hours per week, with some flexibility after the busiest times of the church year, after significant Holy days.

Qualifications include:

*Experience with Audio and Visual technological systems, to the point of being able to troubleshoot quickly, any malfunctions and glitches in either system.*

*Experience recruiting and developing teams, as well as working in a church setting is preferable.*

*The minimum age requirement is 21 years.*

The full job description including all of the required qualifications, and the required application form are posted at our website: [www.fumcva.org](http://www.fumcva.org)

Applications will be due by June 6, 2025 by 5:00 PM
