

Hello, Baldwin UMC Church family

As the Worship Lead and a newer church member, I've had the pleasure of talking with many of you. My favorite conversations have been anything after the words, "You know, I was baptized in that church..." Or "I went to Bible School, Pre-School, Daycare...", or "I was married there..."

I enjoyed these stories so much that I thought I'd gather as many of your memories as possible and learn a little about your current worship experience. Would you please share your experiences with me? We will share these memories over the summer, so please indicate if yours cannot be shared.

Thank you,

Barb Semich
Worship Lead

Baldwin Community United Methodist Church grew out of a church school class of eight children in the home of Frank and Glendora Garman on Baptist Road. The original founders were Glendora Garman and Blanche Madden. To accommodate a church and church school, the program was moved to the Union School in 1945 under the guidance of Dr. Thomas R. Courtice, the first pastor of the congregation.

In 1946 the church was organized of eighty-five members under the leadership of Dr. David Jones Wynne. The first part of the church building was constructed in June 1948, which housed the church and a social hall. A second building, including educational classrooms, was erected in 1952. A new sanctuary and social hall were added in 1956. A completed education wing was dedicated in December 1960. Once fully organized as a Methodist church and from its inception, the church has been a member of the Pittsburgh Annual Conference and later the Western Pennsylvania Conference of The United Methodist Church.
