

# Pre-K Registration Information

Children must be **at least 4 years old by October 1** to enroll in our Pre-K Program.

Family of Christ Child Development Center participates in Colorado's Universal Preschool (UPK) program as an approved UPK provider.

Complete the Colorado UPK application and select Family of Christ Child Development Center as your preferred provider. After submitting your UPK application, please complete our school enrollment application. This allows us to pre-plan for classroom placement prior to the official release of UPK matches. Once UPK releases matches and families have accepted their matches. The Enrollment/Supply Fee will be invoiced to finalize your registration with our program.

Please note that UPK eligibility and funding are determined by the State of Colorado and require acceptance of a UPK match. Enrollment is subject to availability.

We use **brightwheel** as our primary parent engagement and communication app. Families will need a brightwheel account to complete the registration process. If you do not already have an account, you will be prompted to create one when accessing the registration form links below. Brightwheel allows us to share important updates, communicate with families, and manage enrollment information all in one place.
