

A LETTER FROM DAVID

The future of Memorial Church of Christ is bright! Every day I witness amazing things that God is doing through the people of Memorial. God continues to shower us with countless opportunities and blessings.

We are a church for Sunday mornings. Every first day of the week, individuals from across greater Houston come together for a wonderful family reunion. Children toddle to the front to drop their money in boxes to buy Bibles, and adults sip on cups of coffee as they share joys and concerns from the week before. Individuals young and old, from various neighborhoods, nations, and walks of life, lift their voices together to praise our Savior and remember Him in the Lord's Supper.

We are not, however, a church just for Sunday mornings. Our building is filled every day with Bible study groups, youth events, Friendship School, luncheons for Young at Heart, Fire Teams, committee meetings, missions planning, children at the playground, community gatherings, and a host of other activities.

Our people are thriving, but it is time to revive our facilities. I am thankful for every man and woman who sacrificed over the nearly seventy years of our existence to provide what we have today. But, just like with our own houses, weather, use, and time take their toll.

It will not benefit the Kingdom to strap the next generation with heavy costs to fix a facility we have enjoyed but is decaying. They will have to invest time and money to keep it functional rather than giving to evangelize a world desperate for hope. It is time to provide new spaces for future generations so that the Memorial Church of Christ can remain a beacon of God's love.

Please join Barbara and me in this wonderful opportunity to proclaim Jesus through this project. We have a blessed opportunity to **"Revive to Thrive!"**

In Christ,

David Duncan
Preaching Minister
