

OUR FUTURE VISION

The great commission starts at 900 Echo Lane. Generations before us had the vision to cultivate the place we have today, and our buildings serve as a strong home base used daily for bringing people together and serving others. From worship services and Bible classes to youth activities, ministry meetings, and community events - we gather here!

The new education building and chapel are a testament to what thriving looks like to our church family. Our children and adult classes are flourishing, in the Oak View Room celebrations and fellowships are being held, and the chapel is a communal space that exudes warmth along with great acoustics that elevate our praise and worship.

While we have been good stewards of the resources God has blessed us with, our facilities are dated and wearing from years of use. Much of our campus, including the worship center and Friendship School, was built in the 1960s. The Family Center and church offices were added in the 1980s.

As we have grown and added ministries, there is a need for additional space, which our current facility does not have. Additionally, much of the equipment "behind the walls" (HVAC, electrical, plumbing, etc.) has reached the end of its useful life. We are at the crossroads of repair or replace. We believe the best stewardship, with future generations in mind, leads us to replace as much as possible so they can focus on spreading the Kingdom.

***Great is the Lord, and greatly to be praised,
and His greatness is unsearchable.
One generation shall commend Your works
to another, and shall declare Your mighty acts.***
Psalm 145:3-4
