

How Do I Donate

STOCKS AND SECURITIES?

Resurrection Lutheran Church has been blessed to receive donations of Stocks and Securities in a variety of ways. Therefore, there is no one avenue to walk and some options are listed below. We do ask that you **notify us** when initiating a transfer of stocks or securities so that we may properly process your donation. Questions may be directed to Finance@RLCary.org.

Please be aware that for RLC to grant a tax credit receipt in the current year, end-of-the-year donations of stocks/securities should be initiated before December 10. This will allow time for the paperwork to be processed and your donation to be received at RLC before December 31, generating your receipt.

You may also want to be aware of another avenue for your charitable contributions.

Fidelity Investments and Schwab have Charitable Gift Funds. Each is a public-charity and donor-advised fund. Once you open a Giving Account, they will process the donation of stocks and securities for you in the name of **charitable giving**. These Charitable Gift Funds will provide **grants** to non-profit, charitable organizations, upon your recommendation, as long as you have a Federal Tax ID number for your charity. RLC also receives grants from the participants of these Funds. With this avenue, your tax credit receipt will come from the Charitable Gift Fund, while RLC will receive a check.
