HAPPY 54TH PASTORAL ANNIVERSARY

# 2025 DECLARATION

*"No weapon formed against you shall prosper, and every tongue which rises against you in judgement you shall condemn. This is the heritage of the servants of the Lord, and their righteousness is from Me, says the Lord." (Isaiah 54:17 NKJV)*

God is saying to me tonight no weapon formed against me shall prosper and every tongue that rises against me in judgement He will condemn. God says "As one of His children, I may encounter battles that may feel overwhelming, but never forget He is my Shield and my Defender. Though the enemy's arrows are aimed at me, they will miss their mark. What was meant to harm me will only fortify my faith and draw me closer to Him.

I will not fear the words spoken against me. God will give me the power to silence them. Every accusation will crumble and God's truth and love will prevail. I am not without protection. I am wrapped in God's righteousness. God has already secured my victory over every challenge.

When I feel surrounded by darkness, I will remember God is my Protector. The shadows may seem to close in, but they will never extinguish God's light. God's hand is upon me guiding and guarding me through the storm. I will rise above it all, untouched by the destruction that seeks to shake me. My inheritance is one of peace, strength and divine favor. God is the One who defends me, covers me and lifts me to higher ground. My heart rests in this truth.

I have already fought and won the battle. I am more than a conqueror through Jesus Christ. I will stand firm in my faith. I will not let the winds of doubt or the lies of the enemy discourage and depress me. God has equipped me with all I need to stand my ground and own the victory that is mine. Though weapons may be formed, they will not succeed. Though the enemy may attempt to block my blessings, prevent my ascent, steal my joy and destroy my relationship with Christ, they will not prevail.

God is with me always and insuring that nothing can stop God's plan for my prosperity. In 2025 my strive is to be the head and not the tail; to live above and not beneath; to become a lender and not a borrower. I am God's child and I boldly claim Kingdom citizenship and the privileges and promises of my Heavenly Father."

## Welcome to 'WE ARE Black History!'

We recognize that Black History has different meaning for different individuals and want to take this opportunity to share the sentiments of various persons. Hopefully this will encourage you to create your own moment of reflection.

Black History is every day, every month, and every year. Black History is then, and now, and forever. It is the belief in liberation for us all, in freedom from oppression and marginalization to be our truest self. Black History is resistance and revolution, jubilee and joy, grief and grace.

Black History is not only our history, but our collective history...

Black History Month is a time set aside to honor those who came before us on a national level. It is a time to share the accomplishments of African Americans, particularly those who are less well known. Observing Black History Month is a way we can show and teach that heritage to younger generations...

Black History is a significant aspect of world history that highlights the experiences, achievements, and contributions of people of African descent. It is a crucial element in understanding the diverse and rich cultural heritage that has shaped the world as we know it today. Black History is an essential component of world history because it provides a comprehensive understanding of the various cultures, traditions, and contributions of people of African descent. It is a reminder that the African diaspora has played a significant role in shaping the world's history and culture despite facing numerous challenges and hardships...

In addition to this, understanding Black History allows us to appreciate the various ways in which African cultures have influenced and intermingled with other cultures around the world. This understanding helps foster a greater appreciation for diversity and promotes mutual respect and understanding among different cultures. Black History is a testament to the incredible achievements of Black individuals throughout history. These accomplishments, in various fields such as science, art, literature, sports, and politics, have left a lasting impact on the world...

By celebrating Black History, we can recognize the significant contributions of Black individuals and inspire future generations to continue striving for excellence. It is essential to acknowledge the accomplishments of Black people to dismantle stereotypes and prejudices that still exist today...

To celebrate Black History is to recognize the contributions of people of African descent who helped build and shape America. It is extremely important that we recognize and continue to celebrate the holiday because there are still efforts to diminish our stories. Black History Month gives me deep pride and sincere hope for the future....

Black History Month means learning and hearing about all the contributions of Black people who make America great. The saddest part is that beyond slavery, Black History has often been overlooked in public schools. We are grateful to our ancestors for being our first teachers of Black History. We are thankful for my HBCUs and the black church for the part they played and continue to play in Black History..

## ... Welcome to ‘WE ARE Black History!’

Black History in 2025 has greater significance as we are experiencing the eradication of Black stories in school textbooks across the nation. We should be saddened to witness the erasure of facts due to personal opinions. Understanding history is crucial for comprehending family dynamics, societal issues, and the evolution of our world. It’s also a steppingstone to the solutions. Black History is American history...

***Black History is celebrating the LEADERSHIP of our Senior Pastor, Reverend Dr. Charles B. Jackson Sr., as leading the Brookland Baptist Church for 54 years of uninterrupted service. We are blessed to have benefitted from his spiritual guidance, Biblical teaching and progressive fortitude. His legacy is the epitome of Black History.***

No matter what is done, Black History will always live. Let us all join together to preserve the history of Black Americans:

- Interview the elders in your family and community to capture their memories.
- Explore reputable books and resources to educate yourself.
- Pay it forward by discussing Black History with others and finding ways to make a difference.

Let’s keep our Black History alive and thriving and remember **WE ARE BLACK HISTORY!**

## ***RED DRESS DAY AT THE LAND***

**American Heart Month is observed every February. Every year more than 600,000 Americans die from heart disease. Heart Disease affects all ages, genders, and ethnicities. Unfortunately, African Americans are more at risk for complications from heart disease. Risk factors include high cholesterol, high blood pressure, smoking, diabetes, and excessive alcohol use.**

**The American Heart Association, Churches and other faith-based organizations, community leaders and the medical community have formed partnerships to increase awareness of the impact of heart disease.**

**Promotions such as Wear Red Day continue to affect positive changes towards healthier outcomes and reduction in health care cost. People are taking action but there is still room for a higher engagement.**

### **Heart Attack Warning Signs**

**Uncomfortable pressure, squeezing, fullness, or pain in the center of the chest that lasts more than a few minutes or goes away and comes back.**

**Pain or discomfort in one or both arms, the back, neck, jaw or stomach.**

**Shortness of breath with or without chest discomfort.**

**Other signs such as breaking out in a cold sweat, nausea or lightheadedness.**

**As with men, women's most common heart attack symptom is chest pain or discomfort. But women are somewhat more likely than men to have some of the other common symptoms, particularly shortness of breath, nausea/vomiting, and back or jaw pain.**

### **Stroke Warning Signs**

- ♦ Sudden numbness or weakness of the face, arm or leg, especially on one side of the body.**
- ♦ Sudden confusion, trouble speaking or understanding.**
