Purpose

It is the purpose of WBCS to provide a legal covering for its members. As such, we will meet all the requirements as laid forth in the law of the State of Alabama as it pertains to home schooling.

WBCS is dedicated to the support of families who have a conviction from God that He has called them to home school their children. It is established to provide the educational guidance and accountability necessary for promoting a thorough, Christ-centered education and to encourage parents who want to train their children in the home, with a Biblical worldview as the goal, and a Godly heritage as the result.

WBCS has in place specific requirements that are designed to help parents achieve their goal of excellence by establishing areas of accountability. All who choose to join and are accepted to WBCS understand that meeting these requirements is necessary to continue enrollment in WBCS.

WBCS has established a method of record keeping and accountability that has historically provided our graduates with a transcript that allows them to pursue their personal goals. This method is one that provides encouragement, support, accountability, documentation, and appropriate parental responsibility.

WBCS is not in the position to determine a student's ability to succeed in a specific area or to place requirements on students and their families that preclude their God given uniqueness and talents. It is the responsibility of the parents to make decisions, along with their students, about what subjects to study and what curriculum to use.
