THE HOLY SPIRIT: AN INTRODUCTION

by Fred Sanders

The third person of the Trinity, the Holy Spirit, is equal to the Father and the Son, yet he is often overlooked and misunderstood. In this helpful introduction, theologian Fred Sanders clears the confusion by highlighting the Holy Spirit's place in the Trinity. He focuses on the Spirit's relation to the Father and the Son, and then on his work in the lives of believers. Written for pastors, students, and laypeople, this addition to the Short Studies in Systematic Theology series underscores the essential role the Holy Spirit plays in salvation history.

A SHEEP REMEMBERS

by David Calhoun

The Twenty-third Psalm is probably the best known of all the chapters of the Bible and among the most memorable words ever written in any language. It is so familiar that it would be easy to think that we can learn nothing more from it. But through exposition intermingled with prayers and personal testimony, David Calhoun reminds us that this psalm has great depth, and that lifelong meditation on its words will help Christians to understand just what it is to be a sheep under the care of the 'good Shepherd.'

Each of the ten chapters in A Sheep Remembers contains a version of the Twenty-third Psalm or a hymn that is based on the psalm, followed by commentary on the verse that is being considered; writings from shepherds that help us to understand sheep and their ways; prayers, quotations and stories that illustrate the theme; and in the last place, the author's own personal testimony.

This is a striking and profound little volume that will give much spiritual help to readers at all stages in the Christian life.
