## Learning Contentment in a Culture of More

Philippians 4:4-13

Are you content with what you have? For some people, life is nothing but a desperate search for more. They listen to the culture telling them that they will never have enough. But a close look at Paul will show us how it's possible to be content in every situation, even in a culture of more.

1. What percent of people celebrate Christmas as a religious holiday?
2. What does the writer of Ecclesiastes say that the meaning of life is?
3. Step one: Understand that \_\_\_\_\_ is the One who \_\_\_\_\_.
4. What four things does this open us up to?
5. What does Matthew say will happen when we ask God for what we need?
6. Our prayers should express our needs and our \_\_\_\_\_.
7. Step two: Set your \_\_\_\_\_ on things \_\_\_\_\_.
8. How do we ruin our appetite for good things?
9. In our pursuit of the next product, we forsake our \_\_\_\_\_.
10. What do we do in addition to thinking of good things?
11. Step three: \_\_\_\_\_ that God is working through \_\_\_\_\_.
12. Why is Paul content in every situation?
13. Why is Job a good example of trusting in God in every situation?
14. Where can we always find goodness and strength?
