SIBI

I am loving my time as a student at Sunset International Bible Institute, I have been both challenged and educated in my studies, whilst being able to learn life skills as a daughter of the King, to serve those around me.

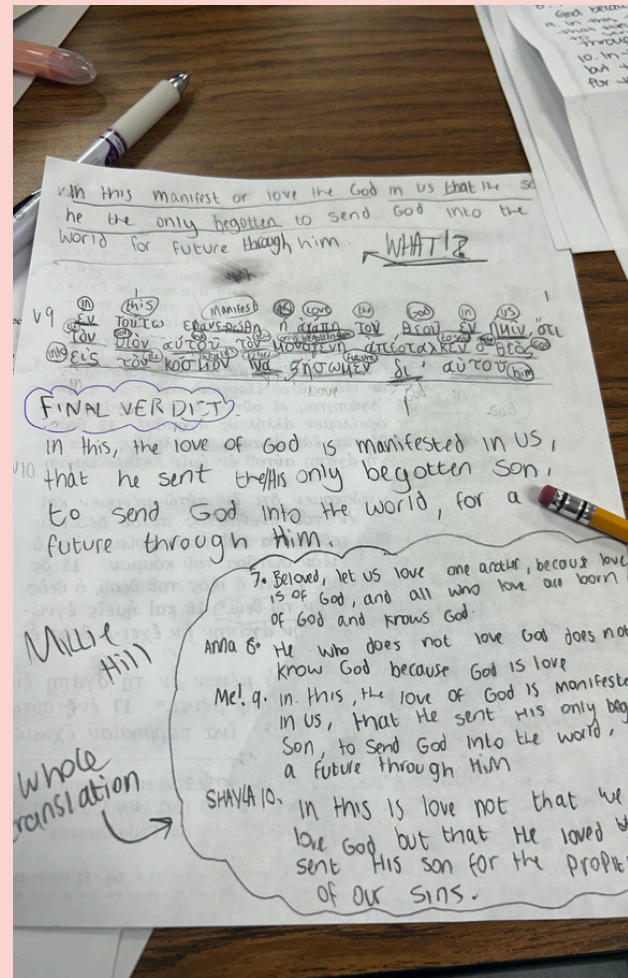

we recently had a campaign week, in which we put door hangers on the doors of our Lubbock community, since then, we have had several reach out and attend church service. I had the chance to speak to various people whilst walking the streets, and was able to encourage and pray with them, yet somehow I felt more encouraged myself.

OUR GOD IS SO GOOD!

What I have learnt recently

Recently, I concluded my 3rd term in which I studied Greek, Biblical interpretation, Matthew and Jeremiah/Lamentations.

Here, you can see what my greek final looked like, now I know it looks crazy but it was truly so fun yet frustrating at times!

I had evangelism 1 for my short course this term, and I LOVED IT! We had the opportunity to evangelise at **TEXAS TECH UNIVERSITY**, where I met people from all walks of life, from a woman practicing Islam, to an immigration protestor, and we also got to share the gospel through worship in the park. I actually had the second part to this class the week after spring break, so I feel so blessed!

POETRY

I love all things literature! I have been writing poetry since I was young, and only this past year did I realise God has given me this ability to share His Kingdom with others. So I began to write more and post on social media, if anyone is interested in this I will leave my instagram account below, and let me know if I can write anything for you!!

*Wasn't Jesus the most beautiful painting?
Sometimes I must wonder
A masterpiece for all to see
The canvas keys, like His bones are sundered*

*My pain turned into art
Though disturbing is its canvas
A man who knew no sin
Handed them the paintbrush*

*I see His father too
His father hangs this painting for all to see
Proud He was of His son
Despite this gruesome scene*

*What sorrow can be so kind?
The mural on those wooden beams
The precise red our father chose
The same red in you and me.*

PRAYER

Thank you all for your continued support and prayers for my parents and the ministry in England!

Please continue to pray for my mum's health as well as their work for the Father. Growing up and seeing the blessings as well as difficulties makes you appreciate the work of our ministers much more. Pray for our country, because we need God and we need fruitful workers.

I pray everyday for God to prepare my heart to return and work there. Please join me.

On that note, please continue to pray for myself, and my amazing sister and brother in law, Bethanie and Daniel Blake, I know you guys love and adore them! Pray for our studies, and endurance to continue our studies strong, and to prepare our hearts for praise and glory to Him.

THANK YOU

I am so excited to have been given the opportunity to intern in the youth group here at Greenlawn this summer! I hope to bring joy to each and every one of you, and to be someone for you to talk to about things on your heart and mind. I am here for you, and I cannot wait to get to know you all.

To those of you who support me financially, and spiritually, I cannot thank you enough. God is doing amazing things through you, and I cannot begin to express my gratitude and love for you all. I pray for you daily and thank God for you.

If there is anything I can do for YOU, please do not hesitate to reach out. I love you all and hold you to my heart dearly.

Stay strong in the Lord. God bless you
