Hello,

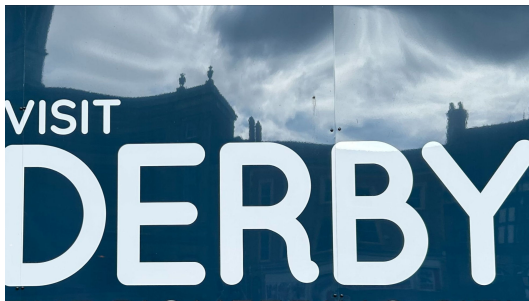

Sorry I have delayed in forwarding this on. I have been out of town.

Blessings,

Mike

Subject: Paul Hill report June 2026

June report is a week early due to traveling, the month was very busy with outreach and working with other congregations.

Derby continues to grow with new contacts and ongoing baptisms, we are also looking at outreach plans to involve reaching people in other areas of the city.

Prayers answered

In this picture Janet and myself are at the hospital receiving news that the scan was showing no growth at this time, Janet will receive MRI scans every two months but the signs are good, the specialist said it was unexpected; we explained not for us.

This brethren is a testimony, we owe everything to God, He answered our prayers.

Janet will continue to have therapy and help for her memory and speech. we are taking a vacation to a secluded farm to be together and rest. Thank you all

Derby

The congregation is a wonderful group with a big focus on outreach, last Sunday the entire congregation fasted and then following morning service spent time in prayer for Janet, the entire congregation knelt down in the building whilst our brother Femmi lead a prayer.

The congregation spent many hours together, during the month they have picnics and fellowships, we had a congregational BBQ and everyone arrived, it was a blessed day with food and beautiful fellowship. We are looking forward to the coming months with outreach plans.

Huddersfield

This congregation is just under two years old and they are doing great ministry work, My grandson Dylan joined me last Sunday as I travelled to teach and encourage them

They used the opportunity to have an inhouse lectureship and gave me the day in teaching time plus questions and answers. It truly was a blessed day. I will be returning with my children 1st week august to hand out tracts and do some street ministry with them.

Sheffield

Late August I will be teaching a marriage and parenting seminar in Sheffield, this congregation is thriving.

Almost 15 years ago Janet and myself assisted them in the starting of the ministry, we held a few campaigns and started the work in a small room above a store.

To see the growth is incredible, they average around 100 on a Sunday and truly work hard in the ministry, a second congregation came to be planted in the city through this work.

Oldham (Manchester)

This is a new congregation and is thriving, Oldham is in the city of Manchester, I will be with them in a few weeks time to teach on being stronger together and encourage them all. God is doing amazing work and the congregation is growing. We will be helping street ministry with them next month God Willing.

Lincoln (Street Outreach)

We are planning to join the congregation once a month to help with street ministry and door to door, the aim is to travel on evenings and try to outreach in the city. The goal is to take a team with me so by joining the congregation we have a good outreach team.

Lincoln is doing a great work, Abraham and the brothers have a clear vision on the goals, we are thankful that we can offer consistent support in the work.

London

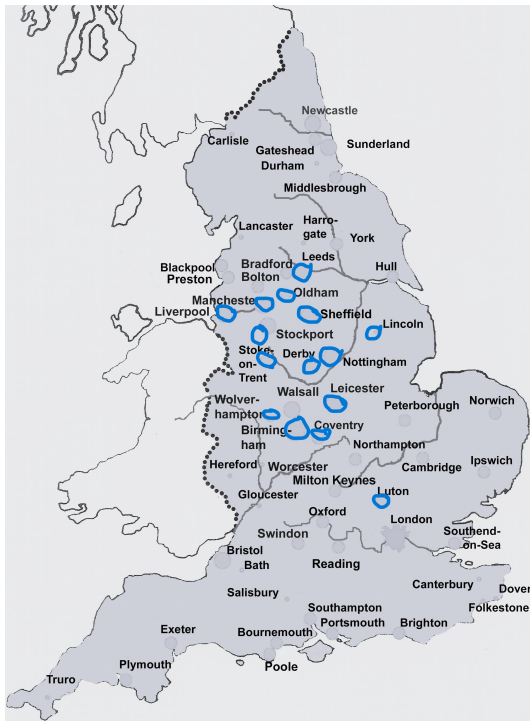

Following Sheffield, I will be driving the next day to London to teach a Marriage retreat on connecting with purpose., the event is in London but was organized by the stroke congregation.

Derby Singing

Our dear brother Iniobong who worships in Nottingham is doing a great work with teaching singing, he attends Derby on the last of each month to host a singing session before our worship, he is a wonderful blessing and we thank God for him.

Ministry area

Each month we are planning evening outreach work with new congregations, the idea is to join the brethren and distribute tracts, and hold coffee shop studies.

The areas in blue indicate the congregations I am working with.

I will be taking a teams on the evening & Saturday ministry's and continuing on the daily ministry in Derby, I aim to continue visiting leaders through the month from each congregation but this is carried out early hours.

Planning for a 9 seater Vehicle

I am at this time saving to purchase a 9 seater car so I can take the team out together as I travel locations, this will also function as a car for Janet and myself so I can use during the day, it will also be helpful in taking brothers on the ministry field, currently I need two cars per event.

These are cheaper to insure than minibuses and can be used at a similar cost to the car I currently run.

On larger campaigns the idea will be to hire a second and then we will have 18 seats, this will be more cost effective

than the current 17 seater bus. Due to the vast area, my mileage is very high and so economy and reliability is important.

Daniel, Bethanie & Millie visiting home

We are very excited to be having our team back from Sunset for a few weeks, Ty Philips will also be joining them so we are excited, they are returning to attend there sisters wedding and have some rest.

Needless to say we will be planning to use them in the ministry work whilst here.

Thank you ministry partners

Please accept our sincere thanks for your consistent support to Janet and myself.

we give thanks to God each day because of the people He surrounded us with.

We feel honored and blessed as we strive forward giving honor and glory to His most holy name.

To Him we give all glory
We love you all

In Him
Paul & Janet Hill

Romans 15:13

¹³ May the God of hope fill you with all joy and peace as you trust in him, so that you may overflow with hope by the power of the Holy Spirit.
