# Farewell from the Youth Ministry

On the last Sunday of May, my departure from the coordination of the youth ministry at the church in João Pessoa was made official. We spent a time of fellowship together during Sunday school where everyone shared a memory and also words of encouragement and support for me and my family. It was a moment of great emotion but also of good laughter and fond memories.

# ELICAMP – Field Leaders' Meeting

*Every year, church leaders from the Northeast of Brazil gather to build each other up, learn, and discuss the challenges we face in our ministry, family, and personal lives. This year, the event took place in the city of Fortaleza in Ceará, which is 485 miles from Recife. We had men coming from various parts of Brazil, totaling nearly 200 men. On this occasion, I had the opportunity to share about the plans of ARCA and ask for the leaders' collaboration in engaging with this project that will benefit the Brazilian church. The response was very positive, and we left the event with four more participants registered for the 2024 class. Praise God.*

# ELICAMP

On this occasion, I was able to lead a small group of 15 men after the lectures, providing a more intimate setting where each person found a safe environment to share their personal challenges and receive prayers and comfort. The journey to and from the event was also a special part of this experience, as 42 men spent 36 hours on a bus singing, joking, and getting to know each other.

*Also in May, I was with some song leaders and young people interested in this ministry at a workshop at the Boa Vista church in Recife. Throughout the day, we had more than 20 people from various congregations in the city.*

*During the class, Sister Graça shared her testimony. She came to the church through the music the church sings, and we were able to reflect on the importance of the role of song leaders. It was a powerful testimony that changed our minds and hearts.*

## AME AND CANTARES

*One of the most difficult moments in recent days was saying goodbye to AME and the group that is part of the Cantares Ministry in João Pessoa. I completed my annual course, "The Life of Christ," and gifted the students with a copy of the book "He Loves Me!" by Wayne Jacobsen, which was kindly donated by our brother and missionary Randy Warzecha. We also finished presenting the five songs that the students will learn over the next few months, so that in November they can record the audio and music videos.*

# Wedding of Mariana e Expedito

*This past weekend, my family and I went to São Paulo to celebrate the wedding of Expedito and Mariana, thus concluding nearly a year of premarital counseling with this young couple. It was a memorable and emotional ceremony. We continue to ask for your prayers for this new family, that they may continue to walk in holiness and faithfulness to each other and especially to God, and that they may be a model for other couples and be used by God in their life together.*

# We are eternally grateful

*God has allowed us to live a dream. He, so graciously and generously, has used us to bless hundreds of lives from all parts of Brazil and surely from many other places we cannot even imagine. And all of this is possible thanks to the generosity of each of you who invest in our ministry. We are eternally grateful to be living in God's plans. Our prayer is that God may repay each one of you for such love. You are not just supporting one family but hundreds of people whom, through God, we are able to serve and reach for the glory of God.*
