COMMUNITY SERVICE REQUIREMENTS

Community Service can be done for any non-family member whereas the student does not receive any payment or compensation for their services. Examples of services are volunteering at your church, helping out with a community event, beach/park clean-up, helping your neighbor with their yard, babysitting or washing their car. Keep in mind, students are expected to help out at home and with family, so services can not be your regular chores or for grandparents. All services must be for a non-relative outside of your regular household and no payment or compensation can be received for services.
