

# Admissions

## AGE REQUIREMENTS:

Applications are accepted in November for the next school year. In order to be considered for admissions, students must be three years old for *PreK* and four years old for *JrK* by July 31st in the school year they are applying for.

## HEALTH STANDARDS:

A copy of student's birth certificate is required. Each child must have a Student Health Record (Form 14) reflecting a Physical Examination & TB Clearance dated within one year from the first day of attendance. All required immunizations must be up to date and recorded on to the Form 14 prior to school attendance.

The PreK Health Record Supplement (Form 908) should also be completed for enrollment. Students must have medical coverage while enrolled. Medical Plan information and proof of insurance must be provided prior to enrollment.

## STUDENT EVALUATION:

All potential applicants will be evaluated individually, as well as in a group setting to assess for potential and success in the program we offer.

**NOTE:** Applicants must be fully toilet-trained at time of evaluation to be considered for enrollment.

## FAMILY INTERVIEW:

Before a decision to offer acceptance is made, the final component of the application process is an interview with with parents and child.

Due to our low student-teacher ratio per class, not all who qualify can be accepted. Those who show the greatest potential for success will be admitted.

# Parent Communications

Communication with parents is one of the key factors in meeting our Philosophy of Christian Education. Students will have a "Communication Folder" that will be sent home daily. Parents will receive feedback on their child being a good listener, finishing their work, and getting along with others. Homework, if any, will also be sent home in the folder. Parents should check the folder daily, initial, and send back each morning. Any messages, school forms, or concerns should be sent back to the teacher in this folder.

## Notice of Non-Discriminatory Policy

PHCA admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded to or made available to students at the school.

It does not discriminate on the basis of race, color, national and ethnic origin in the administration of its educational policies, admissions policies, scholarship and loan programs, athletic, and other school administered programs.

Children with special needs are accepted on a non-discriminatory basis as long as our staff and our facility can meet the specific needs of the particular exception.

## Mission Statement

Pearl Harbor Christian Academy Preschool is committed to God and serving the children and families in our school. By working in partnership with our parents, we will provide an ongoing, biblically based education and enriching curriculum to enable children to develop a love for and sense of security in Jesus Christ, respect for others, respect for themselves, independence, self-control, confidence, as well as cognitive, physical, emotional, and social development.

## Philosophy of Education

We believe parents hold the primary responsibility of educating their children with supporting scripture references from Deuteronomy 6:7 and Ephesians 6:4. As a school and staff, we are dedicated to assist parents with the commitment they have to their children's education. Success in school must also be dependent on instruction and involvement at home.

The Bible is the authoritative Word of God (2 Tim. 3:16-17). Students are taught to accept scriptures as God's truths (facts) and to understand and apply them in their lives. Students are presented with the Gospel message, their need for a personal relationship with and salvation through Jesus Christ, given the opportunity to accept Christ as their Savior, and nurtured to grow in the grace and knowledge of our Lord and Savior Jesus Christ. Students' spiritual guidance is further enhanced as they observe the Christian role models of our staff, as well as parents' commitment to Jesus Christ and their Godly example (Titus 2:7).

We believe as each child approaches any activity in life they are intellectually and actively processing information. Therefore, we will be providing an enriching program and environment that will allow each child to continue on in a life long learning process. In order to provide the most challenging, comprehensive and factual information, all lessons will be taught in line with biblical truths.

## Program Goals

Students are presented with a high standard of learning with lessons integrated with biblical principles and that all truth comes from God's Word. Students in our program will:

- ❖ Be introduced to know and love Jesus Christ as their personal Lord and Savior
- ❖ Be able to relate to others in a social setting
- ❖ Develop creativity
- ❖ Develop large and small muscle skills
- ❖ Develop a sense of themselves and others
- ❖ Develop communication skills
- ❖ Develop life long learning skills that prepares them to be successful in their future education

## Staff

We maintain a staff of qualified and certified instructors in Early Childhood Education who have a personal testimony of their faith and devotion to Jesus Christ. We are committed to working with parents toward their children's spiritual, cognitive, emotional, social, and physical development. Our desire is to help students be successful and reach their full potential in Christ (2 Timothy 2:15).

## Program Distinctives

Our program is distinct as a ministry of Calvary Chapel Pearl Harbor and unyielding in maintaining a strong Biblical foundation in all aspects of teaching. Although we promote "play" and socialization with peers, we also maintain a structured academic program that is designed to prepare our students to successfully move on to the next level of elementary school.

## School Activities

Students will participate in daily Bible lessons with Chapel once a week. Academics include instruction in Phonics and Reading, Cursive Writing, Poetry, Language, and Number Skills. In addition to academics, activities will also include art, music, social interaction, technology, physical education, and field trips.

## School Hours
