UNION CHURCH 佑寧堂

Union Church Missions

Equipping the Church to Reach Our Muslim Neighbors

The mission field is right here at our doorstep! Hong Kong is hosting over 150,000 Indonesian workers, alongside thousands of Muslim residents, refugees, asylum seekers, and international students. While reaching Muslim communities is a core mission focus for Union Church, many of us feel hindered by a lack of understanding and common misconceptions about their faith.

To bridge this gap, 36 participants gathered on October 24 for our full-day Missions Training Day seminar, **"A Glimpse Into the World of Islam - How to Reach Out to Muslims."** The training was led by Edward from **Horizon International Asia**, a long-term missionary with extensive experience in North Africa and the Middle East. Edward guided us through critical theological concepts, comparing the Quran and the Bible to answer essential questions like: What is Islam? Is Yahweh the same as Allah? Is Jesus the same as Isa? and Is the Quran from God? Beyond providing practical strategies to confidently engage our neighbors and navigate theological challenges, Edward also shared his powerful personal testimony and experiences from the frontline.

To continue equipping our congregation, we plan to host another training day in 2027. We pray that God will raise up more workers to engage in the Great Commission here in Hong Kong.

Learning About Modern-Day Slavery: Movie Viewing with EDEN

On Sunday afternoon, October 4, about 50 church members gathered for a missions event hosted in collaboration with EDEN, an NGO dedicated to fighting human trafficking and rescuing survivors in Myanmar.

The group came together for a screening of the documentary ***The Butcher Shop***. The film shed light on the devastating scam compounds operating in the region, revealing how vulnerable young people are deceptively lured into modern-day slavery and cyber-fraud operations. The screening heightened awareness about the critical reality of human trafficking happening right now in Southeast Asia. Following the movie, EDEN shared their work with our church members and how their organization actively rescues, heals, and empowers survivors on the ground.

The congregation closed the afternoon in a time of corporate prayer. Members lifted up the victims trapped in these compounds, prayed for the safety of frontline rescuers, and interceded for the ongoing restoration work in Myanmar.

Monthly outreach to ICM, Chung King Ministries, and St. Barnabas!
