

LEADER'S NOTES

The Charge

2 Timothy 4:1-8

Question One asks your group to discuss the scripture of the week.

Question Two covers verses one and two. Discussion is intended to allow your group members to discuss the four commands mentioned in these verses. You may need to contextualize the command to preach the word, explaining that all of us can fulfill this command by presenting Christ to others.

Question Three is an open-ended question that asks your group to talk through verses three and four. I do not think this will be difficult, and I believe it will provide your group with a chance for rich discussion. You may need to refer to day three of this week's devotion for some ideas on these verses.

Question Four focuses on verse five. Verse five contains four direct commands. This question allows your group to discuss each of them. You should focus the conversation on the command to keep your head in all situations, as this command will provide rich discussion for your group.

Question Five focuses on verses six through eight. These verses are divided into two sections. The first section deals with Paul's death. The second section deals with the crown of righteousness. The topic of heavenly or eternal rewards is an interesting topic with a variety of strong opinions. I pray you enjoy this question and have enjoyed this study.
