“Take the Crossing” Hope is a Bridge
Week of May 18, 2025

Read the passage together and discuss the following questions

1. What limitations did God the Son accept when He became human? What do you think it was like for him to live on our level?
2. Why is it important that Jesus be fully human and anchored on our side?
3. What implications for the Jews did the fact that the High Priest was chosen by the Romans have?
4. How does it help you to know Jesus was tempted as we are but did not sin?
5. Why is it important for our salvation that Jesus, the Great High Priest, entered a heavenly temple not an earthly one?
6. What is the difference between outward sins and the inner sinful nature? How did Jesus free us from both?
7. Some say salvation is climbing a mountain. Scripture says it is crossing a chasm. What's the difference?
8. What prevents us from taking the crossing, the bridge that Jesus offers us? Think about how pride and fear might come into play here. What else?

What's one takeaway you feel prompted to live out this week?
