**Focus on God!**

**Scriptures**  
**& “References”**  
**Romans 12:1**  
**Hebrews 13:5**

“Praise God!” This has been in my spirit. We don’t praise God enough. We don’t give Him the glory or the honor. We focus on everything except God. Get your mind off of your problems, your body and put your mind on Jesus. Focus on Almighty God, our Lord and Savior, what He has done for us and throughout the years. We praise Him. He brought us through, we are still here, still in your right mind, got up this morning, you can walk, you’re able to see and fed yourself.. God said glorify me for the things I took you out of; the storms and what you went through. Quit magnifying the things that’s happening to you, the problems you are going through and magnify God and your problems will get smaller. Quit magnifying things. It’s good to be here in our right mind. God said, He would never leave us, He would never forsake us.” Whatever we are going through, He is there, He is in the mist. When you were out there in the world, did He leave you? When you were out there doing your own thing, did He leave you? Praise Him while you are in your right mind. If you love God, let Him know you love Him and give God praise. Give glory to God because we serve an awesome God. God is going to heal us, God is going to give us what we need. But we have to do it the way He wants it to be done. Focus on God, get your mind off of yourself and the things you are going through. As long as you are focused on self, you aren’t going anywhere. The only way your thought pattern is going to change is through the word of God. Stay focus on God. When we do that, we can do what God wants us to do and and accomplish what we need to do in our

individual lives. We have to learn to focus on what God says, not how we feel. Your body is going to tell you one thing but God says focus on what I said. Magnify the word of God in your life and let it be the number one priority in your life. **I beseech you therefore, brethren, by the mercies of God that you present your bodies a living sacrifice, holy, acceptable to God which is your reasonable service. Romans 12:1** It means you got to give God all of you, every inch of yourself. You are not forced to do it but to do it willingly because that is what God is asking you to do. Take one day at a time, stay in the word, be patient, wait on God and your break though will come. Sometimes it's hard to take that one step. But once you are in the Body of Christ, the things you use to do, let that flesh die. The things that you desire, walk away from it. You can do it by the spirit of God. Are you ready for the fight? When the symptoms come up, say no no, no. Don't give your symptoms a name. Once you've named it, you have claimed it. If you have taken it to God, He will take care of it. Make your mind up, don't doubt God, get into His word and know He says He can do it.

# Happy Birthday

Gauge 1st

It may have been a little warm, this month  
you were born in. But to your family, you  
warmed their heart with your presence.  
May the Lord continue to bless you each day  
with His protection and love!

## Back to school blessing

Dear Heavenly Father,

For all the children returning to school, send your Holy Spirit as their guide and protector.

Keep them free from danger and unnecessary harm.  
Put our sons and daughters in the right place, at the right time, to receive your grace.

Let them learn and grow strong. May the presence of your Spirit fill their hearts.

Help us to mature as parents and caregivers.

Bless every family, oh Lord.

We entrust our children to you, dear God.

Since from the beginning, they are yours to keep.

In the name of the greatest Son of all, Jesus Christ.

Amen.
