What Should We Do

#Perplexity

A lot of people are having different types of feelings and emotions on everything that is seeing and coming upon the earth. A lot of people are saying God is in control and sometimes God allows things for a reason and we may not understand them. That's why we must continue to seek God, live our life according to His word and His spirit. The Word of God had spoken things before they ever happen. God's eye is upon the earth and there is nothing that is happening that God isn't aware of. There are things that God sees that we may not understand but God brings us clarity by the way of His word. God's Word brings forth light in the midst of darkness. His word is a "lamp unto our feet and a light onto our path." He also said, "we cannot live on bread alone but by every word that proceedeth out of the mouth of God!" There are some things God has to say concerning our lives today. It may not be going the way you want things to go but it's going "exactly" the way God wants it to go. Man can make plans all day and sometimes may make God laugh. This is a good time for laughter as well as tears. These are the times we live in. The question is, "What Should We do?" (the title of the message) #Perplexity. Perplexity is a state of bewilderment, confusion, entanglement. According to **Luke 21:25-there shall be signs in the sun and in the moon and in the stars; and upon the earth, distress of nations, with perplexity; the sea and the waves roaring.** Signs of the sun and earth, the distress of all nations is what we see today. God is a

“God of Vision” God see and knows all, He is omnipotent and sovereign. These are times of distress because of the flesh. **Stand fast therefore in the liberty by which Christ has made us free and do not be entangled again with a yoke of bondage. Galatians 5:13** The world looks at the church and models after us. And if we are not living according to the spirit, we could send the wrong message to those that are not believers. Something has to happen in the body of the believers. If we act ugly, do fleshly things, go after money, glory in ourselves, thinking about our will being done instead of **“His will being done on earth as it is in heaven.”** The world will look at that and say, “why should I join and be a part of them?” There was a time when people feared God, there was a reverence for God. What we are seeing is the fruit of our own actions.

There is a perplexity and a state of bewilderment after seeing what has been happening. They are tangled up in the soul, sin, opinion and opinion of others. Just come into alignment or agreement with God. The Lord said, **“be ye separate and come out from among them.”** Did the Lord say, “what does the light have to do with the darkness?” The Lord said, “we are the light of the world. Shine the light of glory and give God some praise! Don’t forget who God is and all the awesome and wonderful things God has done. We can’t look to each other-men or women to solve our problems. They do not have the solutions to solve our problems. God sends the solution by His word. God wants us to stand-fast in the liberty and do what He wants us to do. Christ has made us free. **For you brethren have been called to liberty only do not use liberty as an opportunity for the flesh but thru love, serve one another Galatians 5:13** It is not just the government and the world watching you but God is watching you also. Heaven is watching you. Sometimes it has to go the way of God. If you have the Holy Spirit and you see things that are not right, evil or wicked, you should just be grieved as the Holy Spirit is. Live according to the Spirit and not the flesh.
