Luke 6:45

1Peter 1:15

Our Heart is God's Distribution Center

Distribution center is a storage or warehouse used to receive goods. So when we come in contact with unbelievers, people that are not saved, we should be ready to share the gospel with them. Whatever they need, we should have it in us to be able to give to them. Everything we go through in our individual lives...someone hurts your feelings, it goes straight to your heart. Someone says something nice to you, it goes straight to your heart and you will smile. So it says, everything settles in our heart. That's the way we take it. That's how God has designed us. When our heart is ready to do what God wants us to do, that's awesome. Everyone has a job God wants us to do, no matter what is in our heart. God can start dealing with us, whatever has happened or has been said to you, it will settle in your heart. Sometimes we think it's ok to say certain things but it's not. We have to watch what comes out of our mouth. God wants good things to come from our heart and out of our mouth. **A good person produces good things from the treasury of a good heart and a evil person and an evil person produces evil things from the treasury of an evil heart. Luke 6:45.** What you say flows from what is in your heart. You cannot be good unless God is the head of your life. Sometimes we are use to saying what we want to say but it's not what we should say. If you are evil, it will come out of your mouth

because that is what's in your heart. We also have to think about how we were raised and who we were with. You can also hear it in children. We have had family members that say or do things. We thought that if it was alright with them, it was alright for us. But God says "NO!" You are in training. You can't say what you want to say because a lot of things aren't good. When evil things are said, most of the time, you're trying to get back at someone or trying to hurt their feelings. So what you say flows from within your heart. I began to ask God to search my heart. Let me give you an example: a baby has to be taught to do certain things. One minute they are on a bottle, as they get a little older, they learn how to eat then they're taught and learn how to use the potty. There are different steps in our lives, as adults, we have to do. Some of us are still acting like babies in some areas of our life. Because what flows out of our heart, we think we can say it. We have to watch what we say because we are damaging who we are. We represent Jesus Christ. We are suppose to be an ambassador for Him and looking at the things that please God. We have to watch what flows out of our heart. If it's not of God, it will damage someone else's heart.

Even before He made the world, God loved us and chose us in Christ to be holy and without fault in His eyes. Ephesians 1:4 Before we existed, He knew our moms, He knew who were and what our names would be, God knew everything about us and what was in our hearts and "chose us in Christ!" You can't be holy unless the spirit comes into your life. You must have the Spirit of God within you. You will do things different. Make better decisions and deal with everyday life. Love should be #1 in our hearts. Love covers a multitude. We all came into this world but we have Jesus to help be a good person, a better person and be holy. God said, "be you Holy because I am Holy!" We are the righteousness of God and need to remember who we are in Him.
