### The Finisher

As we think about what is going on in the world today, we think about how significant the resurrection is. If people could grasp what God did on the cross. It just wasn't an atonement for our sins from the blood of Jesus but it was also the resurrection power of God to reveal to us as believers. And it is in him that we live and move our being. Give God praise for that! We think about the days that lead up to the crucifixion. The Sunday He came in on the donkey and they laid down palm leaves before him crying, "hosanna, hosanna!" and blessed is he that cometh in the name of the Lord. Monday He goes to the temple to pray but the money changers were there and he turned over the table. God had put a reset because thing had gotten out of order. How many of you believe God has put a reset on your life? Don't you know the cross was a part of God's plan for the reset. Before that, God started resetting everything and had His site set on Jerusalem. How many of you have your site set above? I believe He was looking at the New Jerusalem after He finished resetting everything that His father wanted to take place. He looked forward to it, to the end. How many of you look forward to the end and the beginning of something new? Give God praise and bless the name of the Lord.

They plotted against Jesus. He had raised Lazarus from the dead but they were also plotting to kill Lazarus. Understand, the enemy is not always against God but the enemy is against what God has done in someone else's life. And sometimes it what the enemy has done against you in your life. And God is there.

Jesus went through a lot of suffering but He was so passionate. According to the word of God, He looked forward to it. Have you ever been in that place in your life you know you have to go through something but you are already looking for the end of it then there is glory after it all. He knew glory was coming. We are

often reminded of what He endured during the process of dying for our sins. So in the mist of everything else, there was a lot of things that took place on the cross. There is something about the cross and there is something about the blood. If He had not died for us, we wouldn't have a right to salvation or a right to deliverance. How many of you are glad for the blood of Jesus Christ? Sometimes the message of the cross, the blood and the resurrection seems like it's the same thing over again. But self cannot save self. It was the cross, the blood, the resurrection, the power of God. That's how people are saved, that's how souls are saved and it paves the way for eternal life. Give God Praise!! While on the cross, Jesus prayed for the forgiveness of our sins. He said, **"Father forgive them for they no not what they do."** **Luke 23:43** Everything that they were doing against Him not only speaks to them that were around the cross but that statement speaks to us today. We believe in God and call on the name of Jesus! There was a time in our lives we needed the forgiveness of God, doing things we didn't know what we were doing. We can testify to that today and can thank God for the forgiveness of our sins. He also stopped dying long enough while on the cross to save a dying thief that got caught up in the insurrection of that day trying to overthrow the Roman government. He told the thief, **"surely you will be with me in paradise. Luke 23:43.** as He was going through and suffering to save someone else other than himself. When we are going through our own suffering, someone else is watching. When Jesus makes a promise that we would be with him in paradise, He is going to keep it. When God makes a promise, He is a PromiseKeeper! Do I have any Believers?!

Once a father overheard his son pray,

prayed, “Dear God, make me the kind of

June not only brings on a new season-summer, making it a tad bit warmer. The month of your birth not only warmed the earth but also your parent's heart when you were born. May God continue to bless you each and every day you are here!
