

Make a Difference in a Child's Life at Hairgrove!

You can make a difference in a child's life at Hairgrove Elementary School! Volunteers enrich the lives of students, as well as provide support and encouragement to the teachers and staff. For the past 17 years (Past 16 in partnership with Calvary Community Church), we have provided support to Hairgrove in a variety of ways. Hairgrove has a large population of **English as a Second Language** learners and it is a school with an 87% economically disadvantaged rate. The exciting news is that despite these language and economic challenges, Hairgrove continues to academically perform at a very high level! Hairgrove believes the support from the churches is a huge factor in that success!

Hairgrove is looking for committed volunteers for the 2025-2026 school year. Below is a list of volunteer opportunities. Please indicate which ones you are interested in exploring, and we will follow up with you. To be a global volunteer, please follow the link to register with the district.
