## Thespians Shine

Our society and community put a huge emphasis on athletics. Athletics develops skills that are very useful such as teamwork and perseverance. There is another activity, however, that has even more lasting value. That activity is the theater.

Theater is in its third year here at Immanuel. It challenges students to overcome stage fright, one of the greatest fears in people. It requires the memorization of vast amounts of material, far more than weekly memory verses. It develops teamwork and comradery that often lasts a lifetime. It asks students to step out of their comfort zone and try something new. It requires boldness and confidence. All of these are traits that put our students ahead in many job interviews and related fields. We are blessed with directors who spend hours working with students to perfect their trade. Thank you Mrs. Schimank, Mrs. Fredenburg, and Mrs. Moreton.

Last night's performance was outstanding. The audience number over 100 people who laughed at the comic attempt to prepare for a production.
