# THE KNIGHTLY NEWS

November 1st, 2024 | Volume 1, Issue 12

## Gratitude is our Attitude! 🙏

As we head down the home-stretch of the 2nd 6-weeks, I can't help but reflect on the recent highlights around school: Volleyball season, Flag Football season, PTL field trips, Kindergarten field trips, Penny wars, and so much more!

All of these experiences add value to our student's entire educational experience, and even positively impact our academic classroom experience. Thank you for helping us grow together in a positive and productive manner, through communication and shared experiences!

Before we get into the newsletter, I would like to recognize two more people this week:

- Please help me welcome **Mrs. Alicia Moreton** as our *new* full-time PE teacher at Immanuel!
- Also, please help me recognize and thank **Mrs. April Brashear** for volunteer coaching this year with our girls basketball teams!

Thank you!!!

## Reminders! 💡

### 1. Playground Closure (11/4 - 11/8)

We will be closing our school playground while the Fellowship Hall and Church complete roof renovations. Our students will utilize the field at the front of our school in order to have safe recess, PE, and play-break access throughout the school day.

#### CONSTRUCTION ANNOUNCEMENT

We will begin replacing the roof of the Church and Fellowship Hall starting the week of November 4th. The original roof was constructed during a period that Asbestos was included in many of the building materials. The existing roofing material has been found to contain Asbestos. The proper and safe abatement of Asbestos is regulated under the Texas Asbestos Hazard Protection Act that requires both an authorized abatement contractor to perform the work and a separate asbestos consultant and monitoring company. The consultant and monitoring company will serve as project manager and will measure the air during the entire process to ensure there are no contaminants in the air. During this work we will be making certain changes to the operations of the school including the use of the fenced playground and potential changes to the car lines.

### 2. Label those Jackets!

As the weather continues to change, please take a look into your coat closet and label your child's **jackets, hoodies, and sweaters**. If a jacket is left, we will continue to collect them in the front of school, and at the cafeteria/sonshine pick-up area.

### 3. Help Wanted:
