## POP-UP: WALKING IN THE HOLY SPIRIT\*

### SPRECHER ROAD CAMPUS, CHAPEL

MONDAY, JANUARY 12 | 6:30–8 PM

Many of us feel stuck with a faith that lives mostly in our heads. We believe in God, but feel like something is missing. We long for something deeper—real help, real change, real power. Why is this? Because we were made not to just know about God, but to actually *walk* with Him. Together, we'll look at Scripture to address some misunderstandings that may be holding you back and discover practical ways to authentically engage the Holy Spirit. You'll walk away not only with clarity about what the Bible actually teaches regarding the Holy Spirit, but also with confidence about how you can get the help and power you need by walking with Him.

## POP-UP: THINKING BIBLICALLY ABOUT HEAVEN & HELL

### SPRECHER ROAD CAMPUS, CHAPEL

SATURDAY, MARCH 21 | 9 AM–1 PM

Few questions carry more urgency or confusion than those about heaven and hell. Outside the church, these doctrines are often minimized; inside the church, many struggle with doubt, misunderstanding or pressure to cave into cultural expectations. Our eternal destiny is too important to ignore. To equip you, we'll watch curated presentations from this year's EFCA Theology Conference, which is all about Heaven and Hell. We're going to see how the Bible answers questions like "Who goes to heaven?", "What is eternal punishment?" and "Why does the resurrection matter?"

This Pop-Up Class is not just for scholars because we're all theologians! You'll walk away with clarity on what the Bible actually teaches about heaven and hell and a new awareness of the hope we have in Jesus.

## POP-UP: THINKING BIBLICALLY ABOUT AI\*

### SPRECHER ROAD CAMPUS, CHAPEL

THURSDAY, APRIL 16 | 6:30–8 PM

Artificial intelligence is reshaping daily life faster than most of us can keep up with. Some people adopt every new tool without hesitation; others feel anxious, skeptical or unsure how to navigate a world where machines are making more and more decisions. For many Christians, the real struggle is knowing how to think about AI in light of Scripture. This cultural shift is too significant to ignore. To help you engage this moment with wisdom, we'll introduce key biblical principles for understanding and using AI. We'll consider questions like "What makes humans unique in God's design?", "How should Christians engage in AI without sacrificing our creativity and ethics?" and "How can technology serve God's purposes rather than shape our values without us noticing?"

This Pop-Up Class is designed to be as practical as it is biblical. You'll leave with a clearer grasp of how Scripture guides our use of emerging technologies and practical insight for living faithfully as AI becomes a defining part of modern life.

- Small Group Nights will focus on worship, teaching and small group experiences where students can build relationships, share stories and practice the ways of Jesus together.
- Serve Nights and BASH Nights will emphasize inviting friends and serving the community, following Jesus' example of going to those in need. (BASH Nights are on the second Sunday of the month, alternating between Sprecher Road and DeForest Campus, for ALL students!)
- Offsite Nights will enhance belonging through small-group activities, whether fun nights or sharing meals in homes, providing a space for students to live out their faith in community.
