Our Response

- 1) Why does our freedom in Christ not give us the freedom to enjoy the pleasures of this world?
- 2) Why does freedom give us the ability to serve each other? Why is this important? How could you serve someone this week?

- 3) Why should our freedom in Christ lead us to live a life of love for one another and our neighbors?
- 4) How can you show love this week to those who are a part of the family of God here at PFBC and even other believers?
- 5) Have you ever seen people in church “bite and devour one another?” What were the causes? How does this passage speak to this problem?
