OUR RESPONSE:

1. Why do you believe the disciples and His followers were so confused? Have you ever been there before? Share an experience.
2. What do you believe made the change for them? How does that help you see how important having an understanding of God's Word is?
3. What does it mean when it says the 2 men's heart burned within them? Have you ever had a moment like that? Describe it.
4. Why is it so important that we look at the aftermath of Easter? How were they different after this moment? How are you different after you experienced & understand the cross and resurrection that leads to salvation? How are you still being transformed today?
