

Prayer for Leadership

Lord God,

I thank You for providing those who are called to positions of leadership. Please give them what they need to pursue You whole-heartedly so they can confidently join You in the joy of discipling believers and ministering love to those who don't know Jesus.

Please continue the good work You began in each of our leaders so they can abound in Christ, reflect His character, and represent Him properly. Remind me we are one in You and please instill in me what's needed so I can also grow in Christ.

By: Jim Corbett

As a church, let us often be reminded of how desperately we need You. Unite our hearts so we can all be part of the solution. When leadership fails, let there be forgiveness, love, and godly steps toward healing. Let us not sweep things under the carpet nor put them on display. May every outcome be exactly what You desire.

For those of us who have been wounded by people in leadership, let there be full healing in our hearts and minds. May love and a restoration of trust replace hurt, bitterness, fear, and inadequacy in Your timing. Thank you, Lord.

Amen. So be it.
