Noah

Based on Genesis 6:9–9:17

Noah loved and obeyed God. One day God told Noah to build a big boat called an *ark*. He told Noah how to build the ark. God told Noah that it would rain for many days and flood the whole earth.

Noah built the ark with three floors and one door. When the ark was finished, God told Noah to store food for his family and all the animals. Noah did exactly what God told him to do!

God told Noah to take at least two of every kind of animal into the ark. Noah, his family, and the animals went into the ark. Then God shut the door.

Rain began to fall. It rained for 40 days and 40 nights, but Noah and his family were safe inside the ark. When the rain finally stopped, Noah waited for the water to dry up.

One day God told Noah to come out of the ark. Noah's family and all the animals walked out. Noah thanked God for taking care of him and his family. After the rain stopped and the water went away, God put a rainbow in the sky to remind Noah and his family He would never flood the earth again.

Noah

Genesis 6:9–9:17

Noah was a man who listened to God and did what He said. After God created the earth, He grew displeased with the people because they didn't obey. Their actions were dishonorable to God.

Noah honored God by his actions and pleased God. The Lord told Noah that He was going to destroy everything. God instructed Noah to build an ark so that he and his family would be safe from the flood that would cover the land.

God gave Noah exact instructions on how to build the ark. Noah obeyed. When the ark was finished, God told Noah to bring his wife and his sons and their wives along with two of every unclean animal and seven of every clean animal. God also instructed Noah to store food for his family and all the animals. Noah did everything God told him to do.

When the time came for the rains to fall and flood the land, God told Noah to enter the ark. Noah and his family obeyed God and entered the ark with the animals. Then God closed Noah, his family, and the animals inside.

God allowed the rain to fall for 40 days and 40 nights on the land. All living things died except Noah, his family, and the animals on the ark. The flood came over the land and the ark was lifted up and floated on the water. After the rain stopped, the water was on the land for 150 days.

As the water began to lower, the ark rested on a mountain. Forty days later, Noah opened up a window and sent out a raven and a dove. The dove could find no place to rest, so it returned. Noah waited seven days and sent the dove out again. The dove returned with an olive branch. Noah waited seven more days and sent the dove out, but the dove did not return. Noah knew the land was now visible. Noah opened up the ark and found the ground was dry. God told Noah and his family to fill the earth.

God then promised Noah that He would never again flood the earth. God created a rainbow in the sky as a sign of His promise.
