## God's Plan for People

### GENESIS 2:4-24; PSALM 8:3-9

God formed man from the dust and breathed life into the man, so he would come alive.

God took care of the man He made. God gave the man a place to live called the garden of Eden. He filled the garden with beautiful trees that were good for food. He placed two special trees in the middle of the garden—the tree of life and the tree of the knowledge of good and evil.

God gave the man a job to do—working in the garden and taking care of it. He gave the man a command to follow, “You may eat from any tree in the garden,” God said, “except from the tree of the knowledge of good and evil. If you eat from it, you will surely die.”

God brought the birds and animals to the man so that he could name them. Each living creature had a helper, but there was no helper for the man. So God put the man in a deep sleep. God took one of the man's ribs and made a woman from the rib. Then God brought her to the man to be his wife and helper.

Many years later, King David thought about God's plan for people and wrote a song to praise God. David wrote, “When I look at the moon and the stars You made, I think about You and how well You take care of people! You let people care for the animals in the wild, the birds in the sky, and the fish of the sea! God, Your name is excellent all over the earth!”
