

VERSE

God made everything.

-Nehemiah 9:6

LOOK at Animal Pictures

Gather animal books or animal pictures on your phone or device. Look at the pictures with your child. Talk about where each animal lives. Make animal noises of the ones in the picture with your child. Tell the Bible story (reverse side). Thank God for making animals.

**VISIT the Zoo or a Pet Store**

Take your child to the zoo or a pet store. Show your child the different kinds of animals God made. Explain that birds fly in the sky and fish swim in the water. Tell how other animals live on the land. Review the Bible story (reverse side). Pray, thanking God for all the animals He has made.

BABIES**WATCH Birds**

Find a pinecone, spread it with a thin layer of peanut butter, and roll it in birdseed. Tie string to the end of the pinecone. Hang the pinecone outside near a window where you and your baby can see it. Watch for birds. Tell the Bible story (reverse side). Comment: "God cares for the birds and animals He made. We can help care for them, too. We can give them food to eat like our pinecone." Thank God for all the birds and animals He made.

God Made Animals

BASED ON GENESIS 1:20-25

WEEKLY VERSE: The earth is full of the living things God made. *Psalms 104:24*

LIFE POINT: God made all of the animals.

The Bible tells us that God made a wonderful world. In the first four days, God created darkness, light, water, and the sky. God made dry land and gathered the water into rivers, lakes, and oceans. Then God made all kinds of plants. God made the sun, moon, and stars.

God said that the world He had made was good!

On the fifth day, God said, "Let the waters be filled with living animals, and let birds fly in the sky." God created every kind of fish and animal that lives in the water. He made tiny water animals and giant whales! Then He made all kinds of birds to fly in the sky.

On the sixth day, God made animals to live on the land. God made all the wild animals, farm animals, and every other kind of animal.

In two days, God made all the different kinds of animals. God looked at all the animals He made and the beautiful world He made. It was all very good.

THE BIBLE MEETS LIFE

The Bible story teaches that God made all of the animals. God made every kind of creature in the water, air, and land.

LIVE IT OUT

Remind your child that God made all of the animals. If you have a pet, give your child some age-appropriate responsibilities for helping care for that pet. (Alternately, ask your child to name and color a picture of his favorite animal.) Mention that the pet (or other animal) is a creation of God.

LEVEL OF BIBLICAL LEARNING

God created the world in six days and rested on the seventh.

The Garden of Eden

VERSE

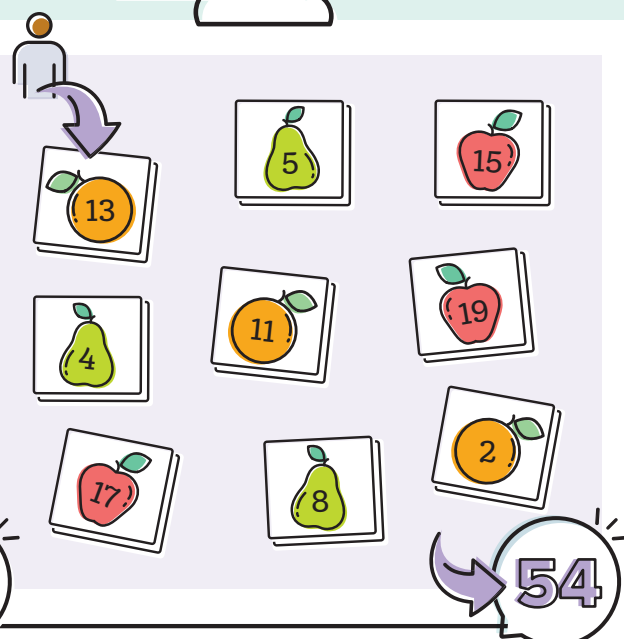

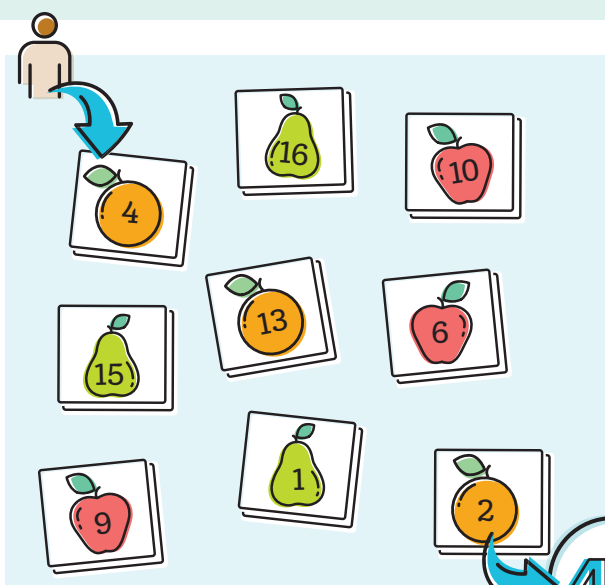

The LORD God placed the man in the Garden of Eden to tend and watch over it.

-Genesis 2:15

It All Adds Up

Find the path of numbers that adds up to the sum at the exit arrow. For each puzzle, start at the top left then step down or right with each move.

When God created the world, He also created order and provision. God gave water for the plants, plants for the animals, and people to care for all His creation. God's creation = all good!

That's the POINT

Find a friend and choose to be a solid or open triangle. Take turns drawing a line from an open corner of one of your triangles to an open tip of a star. Lines can be long or curvy, but they cannot cross other lines or objects. A player who can't make a move must pass. Continue playing until there are no more moves left to play. The winner is the person with the most connections.

God's point for creating people was to give them a special purpose—to care and rule over all His creation!

The Garden of Eden

GENESIS 2:4-24

When God created the heavens and the earth, at first, there were no shrubs or plants growing. God had not yet made it rain, and there was no one to care for the land. So God made a mist of water come out of the ground to water the entire surface of the land. After that, God formed man out of dust from the ground. He breathed the breath of life into him, and the man became a living being.

Then God made a garden in a place called Eden. He put the man there and gave him the garden to work and to watch over. God made beautiful trees grow that were good for food. In the middle of the garden, He also placed the tree of life and the tree of the knowledge of good and evil.

The man was allowed to eat from any tree in the garden, but God commanded him not to eat from the tree of the knowledge of good and evil. He warned the man that if he ate from that tree, he would certainly die.

Then God looked at the man and said, "It is not good for you to be alone."

Then God made every wild animal and every bird in the sky. He brought them all to the man to see what he would call them. Whatever the man called the living creature would be its name.

Among the animals the man still did not have a good helper, so God caused a deep sleep to come over the man. While he slept, God took one of the man's ribs and used it to form woman.

When God brought the woman to the man, the man said, "At last! This is bone of my bone and flesh of my flesh. I will call her woman because she was taken from man."

This is the reason a man leaves his father and mother and marries his wife.

WEEKLY BIBLE VERSE: Genesis 2:15

LIFE POINT: God created people. He placed them over His creation.

THE BIBLE MEETS LIFE

Through this Bible story your child learned how God created people. He placed them over His creation. When God created the man, God brought him to name the animals and to care for all that God made.

LIVE IT OUT

Remind your child that God gave the first man and woman work to do—care for the garden. Kids can help care for God's world. Decide as a family one or more things you can do to care for God's creation.

LEVEL OF BIBLICAL LEARNING

God wants people to take responsibility for taking care of His creation.
