

Global Impact Month 2026

CTK.CHURCH/GLOBALIMPACT

CHRIST THE KING
COMMUNITY CHURCH

Welcome to Global Impact Month 2026

Every spring at Christ the King Community Church, we turn our attention and generosity toward the mission God is accomplishing through our global partners around the world. Every ministry we partner with has one thing in common—their ultimate goal is to share the good news of Jesus.

This booklet outlines opportunities to support two of our partners that offer shelter, education, and purpose to young people and families. Our goal during Global Impact Month 2026 is to give \$139,000 to upgrade the I2I Impact Campus in Cavite, Philippines (see pages 4–7). In addition to that giving goal, you'll have a chance to financially sponsor a family served by Saviour King Education Centre in the Kibera slum of Nairobi, Kenya (see pages 8–9).

Whether you're able to give a little or give a lot, the power of God's family is realized when each of us responds to God's call to give, pray, or go. See the back cover for details on how to give.

PLEASE NOTE:

Dollar amounts for each upgrade project at the Philippines Impact Campus are shown simply to inform and inspire your giving. All giving will be combined into one Global Impact fund, of which \$139,000 will be donated to Intimacy 2 Impact Philippines, Inc. (I2I), a registered nonprofit organization. Funds given in excess of \$139,000 may be used for other missions projects at the sole discretion of the CTK Missions Committee.

MEET CTK'S GLOBAL DIRECTORS

Tommy & Claudia Manay

CTK's new Global Directors are global in the truest sense of the word. Tommy Manay and his wife, Claudia, are followers of Jesus who are changing the spiritual landscape in the Philippines. The Manays embody the calling of reaching people who are far from God. From the front line of international ministry and the place they call home, they will be overseeing CTK's global ministry and inspiring us to make our partners seen, known, and loved.

Tommy's Story

"I was a 12-year-old crystal meth addict, drug dealer, and gang member in Los Angeles—then a high school dropout. In an act of tough love, my parents left me in the Philippines without my passport. Through their prayers, I was radically transformed

by Jesus. When God showed me the poverty, orphans, and prostitution around me, I asked myself: Why am I drug dealing and robbing when there's so much pain in the world?

"The Lord spoke three things over my life: 'I'm going to send you back to America to work with fatherless kids, I'm going to send you your wife, and I'm going to send you back to the Philippines.' All three came true. Nearly 12 years later, we've seen over one million Filipino youth reached with the gospel."

Impact Campus Project

Giving Goal: \$139,000

Project Overview

In 2018, a Korean business couple donated a former ministry campus in Cavite, Philippines, along with a vision: *launch world-changers to unreached tribes, islands, and nations—then welcome them back to be refreshed and sent again.*

The Work

Intimacy 2 Impact trains the forgotten—street kids, tribal youth, orphans, and the fatherless—transforming them into missionaries. A former street kid who couldn't read now preaches to thousands in schools. A girl trafficked as a minor was

adopted into their community, healed and trained, and now rescues others from the red-light district. Five generations of remote tribal leaders have been trained and equipped to share the gospel.

The Need

The buildings that were donated sat abandoned for years—until Intimacy 2 Impact arrived. They're transforming them into:

- Training centers for evangelism, discipleship, worship, and Bible teaching
- Dorms hosting hundreds for camps and outreach teams

- A sustainable farm (10 acres, 1,000+ fruit trees, fish ponds) feeding students and locals
- Long-term housing for missionary families

The Vision

Reach every high school and college campus in the Philippines. Activate 1 million of the 10 million Filipinos living abroad—including 2–3 million in the Middle East—to see national transformation through the different sectors of society. This training center will serve as a home base where transformed lives return, train, and deploy again.

Transforming the Impact Campus

Renovation Projects & Costs

1. Chapel & Worship Center.....\$25,000

The spiritual heart of the campus. This is where students encounter God, receive teaching, and are commissioned to the nations. Includes air conditioning, lighting, and sound system upgrades.

IMPACT: *Every student trained, every team hosted, every worker sent—it starts in this room.*

2. Training Dorms & Student Housing\$24,000

Safe, dignified housing for everyone living and serving on campus. Includes staff dorm renovation, female dorm conversion, and male dorm upgrades.

IMPACT: *Housing for 100+ annual int'l. volunteers, 40-50 year-round staff, plus students each season.*

3. Roof Replacement & Air Quality\$24,000

Leaking roofs cause mold, which affects breathing and health—especially in tropical humidity. Protects students and extends building life by 15+ years.

IMPACT: *Healthy students. Protected investment. No more emergency repairs.*

4. Solar Power & Energy Sustainability\$20,000

Electricity is one of our largest ongoing expenses. Solar cuts that bill in half and models environmental stewardship to every student we train.

IMPACT: *50% reduction in electrical costs. Long-term sustainability.*

5. Agriculture & Food Production\$15,000

Fish ponds and farming reduce food costs while training students in practical skills. Creates a shared-profit model for long-term sustainability.

IMPACT: *Students learn stewardship. Campus becomes more self-sustaining.*

6. Digital Outreach Center.....\$16,000

A hub for media production, communications, and global connectivity. Includes audio/video equipment, tech infrastructure, and the tools needed to stay connected to partners and document what God is doing.

IMPACT: *Real-time reporting. Consistent outreach. Stories that inspire more workers.*

7. Outdoor Community Spaces..... \$15,000

Some of the deepest formation happens outside the classroom—around tables, on the court, by the fire. Safe, well-lit spaces build community and culture.

IMPACT: Stronger community. Deeper discipleship. Healthier culture.

NAIROBI, KENYA • THOMAS & BEATRICE OMOLO

Saviour King Educational Centre

Thomas and Beatrice Omolo are bringing hope, dreams and opportunity to the next generation in Nairobi, Kenya's Kibera slum—one of the most densely populated and underserved communities in the world. In 2008, they founded Saviour King Educational Centre which serves approximately 600 children, from preschool through junior high, in the heart of Kibera.

In Kibera, families live very close to the edge. One illness or one missed day of work can unravel a household. When that happens, children are often pushed into survival paths—girls into prostitution for food or hygiene supplies, and boys into drugs, theft, or gang involvement. In the absence of protection, children become exposed and vulnerable, treated as resources instead of children.

Saviour King school exists to bring the love of Jesus into this chaos—stepping in early to disrupt harm and establish safety, care, and hope.

The school provides more than education. It offers daily stability—a place where children are fed, taught, protected, and known by name. In an environment where consistency is rare, the school becomes a steady presence—not only for students, but for the caregivers and grandparents doing their best to hold families together.

Sponsor a Saviour King Family

Sponsorship at Saviour King isn't just about kids' education—it's a whole-family support model. Teachers and staff know families personally, notice when something feels off, visit homes when concerns arise, step in during illness, loss, or crisis, and support grandparents and caregivers raising children.

Saviour King is more than a place children attend. It's a relational safety net for the entire family unit.

A sponsorship of \$47/month provides:

- All school expenses including daily meals and extracurriculars
- Whole-family, onsite basic medical treatment and financial assistance for other medical expenses
- Support and empowerment groups for caregivers and young mothers
- Safe daycare so parents and caregivers can work
