# Reflections from the executive pastor

Of all the things in my job description, my favorite thing is discipleship. It's the most important thing and no matter where I've served in ministry or what my job duties were, discipleship has been the thing that matters most.

Multiplication, imitation, reproduction- these things are the fruit of discipleship, if not the proof of discipleship. Disciples make disciples. Period. I am a follower of Jesus Christ, growing in love for God and others. Growing implies that something is alive; something is living and dynamically developing. Life begets life. Healthy things grow.

A disciple is a follower of Jesus Christ growing in love for God and others.

I am a part of something bigger than myself- my immediate family, my extended family, the Marvin Church family, the Global Methodist Church family, THE Church.

Marvin Church, church growth is not the end. Life begets life. Healthy things grow. Since that's true, if that's true, then how are we

doing? In April 2024, we took the Renovo Spiritual Life Inventory to give us a snapshot of Marvin's spiritual health. This snapshot will help us decide how to best support our members in their discipleship journey. In 2021, we took a similar survey (REVEAL), and with the information from both Renovo and REVEAL, we will be able to see how we have changed during the last three years.

## Demographic Data

To receive the most comprehensive and accurate data possible, we needed 200 survey participants to have a response rate representative of our church membership. We received 290 responses which is 36% of our stated average worship attendance.

**81% were over the age of 50**

**78% were married**

**18% had children at home under the age of 18**

**57% were female; 43% were male**

**45% had been at Marvin for 10 or more years**

**71% had an annual income of \$75K or more**

**44% took the survey in 2021**

## Discipleship Continuum

The concept of a discipleship continuum with four stages is one we have committed to as a congregation. This has shaped our understanding of the discipleship journey, and it has given us a shared language in the journey of transformation that is found throughout the discipleship journey. Our discipleship continuum is based on how Marvin's 290

Renovo survey participants answered the survey and reflects where our congregants are at on their faith journey:

## Spiritual Vitality Index

Every church taking the Renovo survey receives a Spiritual Vitality Index (SVI) that measures the spiritual

2024 Renovo Survey Results	2021 Reveal Survey Results
2% Exploring Christ	6% Exploring Christ
40% Growing in Christ	50% Growing in Christ
35% Close to Christ	29% Close to Christ
23% Christ Centered	15% Christ Centered

maturity of the congregants and the church's discipleship effectiveness. The factors that go into calculating this index are the church's role in providing ministry experiences that are catalytic for spiritual growth, the personal spiritual practices of our members and faith in action, which reflects our willingness to serve God. The SVI is a percentile score reflecting how a particular congregation compares to the results of other churches in the Renovo database. **Marvin Church, our Spirituality Vitality Index is 83, compared to 71 in 2021.** The SVI we received is a benchmark that helps us better understand the spiritual heart of our congregation as we move forward with our discipleship strategies.

## Eight Church Archetypes Based on Spiritual Maturity and Church Effectiveness

From all the data generated by our survey results, we were given an archetype. The archetype is determined by ordering our church's effectiveness based on five best practices and the spiritual strength of our members on a coordinate graph.

The five best practices refer to the church and includes getting people moving on their faith journey, embedding the Bible in everything, creating ownership in each member for their own faith journey, pastoring and serving the community, and Christ centered leadership.

The spiritual strength refers to each member and includes prayer, reflecting on scripture, service and sharing your faith.

## Marvin Offering to Love Thy City of East Texas

There are so many exciting things on the horizon this summer! Marvin Methodist Church is one of the church partners participating in Love Thy City, an event which will take place from 1 to 6 p.m. on July 20 at Tyler's W.T. Brookshire Conference Center.

Love Thy City is a community-driven religious nonprofit that exists to inspire and encourage community healing and unity through Christian initiatives that uplift and empower citizens from all walks of life. Love Thy City's vision is "to exhibit our love for the city of Tyler through the demonstration of our love for God and the expression of love for our neighbors through spiritual gifts and tangible acts of service."

In honor of our commitment to Love Thy City's vision and mission, Marvin Methodist Church is making a gift of \$10,000 to Love Thy City of East Texas. The gift is from Marvin's Strategic Reserves Fund that was established by the June Flock legacy gift received by Marvin in 2022.

The event on July 20 will be a fun day of song and worship with free Christian counseling available, a prayer room, free food truck vouchers, a raffle of a/c window units, and Christmas in July giveaways of backpacks, bikes and food pantry items.

Love Thy City is made up of social partners, business

partners and 13 church partners, including St. James CME, Green Acres Baptist Church, First Baptist Church, and Marvin Methodist Church. The Leadership Team is led by Marvin Church member Tim Brookshire, along with visioning pastor DeMarcus Pierson and other community and church leaders including Dr. Doug Baker and Reverend Brian Lightner.

We are excited that Reverend Brian Lightner, Senior Pastor of St. James CME, will preach in Pirtle Hall on Sunday, June 23 when the Marvin Family will be invited to participate in a love offering for this city-wide event. To learn more about "Love Thy City" or to sign up to volunteer, visit [www.lovethecity.org](http://www.lovethecity.org).

## Sanctuary Update

Progress continues to be made in the sanctuary. For several days, the construction crew worked to delicately, thoughtfully and meticulously remove the original woodwork and organ pipes from the sanctuary in preparation for the new organ.

A crew from the organ manufacturer in Canada came to our sanctuary and helped remove approximately 1,000 organ pipes to take them back to Canada to be used for our new organ.

A special thank you to Garth Pattullo, Alan Wilkerson,

Holly Hollenshead, and the Marvin Menders as they worked to carefully take apart the beautiful woodwork so that it can be safely stored for future use in our church. After the removal of the original woodwork and organ pipes, floor-to-ceiling scaffolding was constructed so that plaster repairs, paint updates, and audio/video equipment installation could begin. Thank you, Marvin Church, for your faithful and joyful commitment to the sanctuary maintenance and updates.

## Reflections from the executive pastor (Continued from page 2)

There are eight church archetypes: **Vibrant, Energized, Self-Motivated, Introverted, Average, Extroverted, Complacent, Troubled**

Marvin Church, our primary archetype was Energized; our secondary archetype was Vibrant.

In her book *Rise: Bold Strategies to Transform Your Church*, Cally Parkinson describes the Energized Church as being full of spiritual activity that is rarely haphazard. It is carefully designed to promote transformation by using a variety of ways to address the needs of varying levels of spiritual maturity. In other words, the Energized Church may have a good definition of discipleship, they may even provide clear direction, but often lose or minimize the message about the why. Marvin Church, our why is to make disciples, followers of Jesus Christ who are growing in love for God and others that is visible and impactful.

Cally describes the Vibrant Church as full of the life that the Spirit gives (John 6:63). There are stories of transformation in the lives of her people that bear witness to a deep devotion to Christ, a profound love for all people, great appreciation for their church, and yes, the life-giving power of the Holy Spirit. However, the greatest distinction of the Vibrant Church is that it does a better job than any other archetype of opening the doors, of breaking through to people's hearts, minds, and souls so that the life the Spirit wants to give is unmistakable and embraced.

Often times, the secondary archetype is either indicative of where the church is going or where the church has been. I suggest that in our case it indicates where we are going.

We exist to make disciples who make disciples who make disciples. That is the work of the Spirit, otherwise we labor in vain. Our commitment is to Christ. We are hungry for more of him. Our goal is not more people in our pews, not more people on our rolls, not more dollars in our plates- our goal is hearts on fire! We are the Body of Christ. We are his presence in the world, and each one of us marked by God's Holy Spirit. We pursue life together and in so doing, we paint a picture of life and health. Healthy things grow in every metric mentioned above, but those things are not the goal. Jesus Christ is the goal.

Marvin Church, there is work to be done. Good work. Hard work. The discipleship team is processing Marvin's Renovo Spiritual Life Inventory results, and we will provide a debrief of the results to the congregation. We will continue the work of the discipleship pathway, evaluating and implementing along the way. Please be in prayer as we go: Come, Holy Spirit!

*"Which of you fathers, if your son asks for a fish, will give him a snake instead? Or if he asks for an egg, will give him a scorpion? If you then, though you are evil, know how to give good gifts to your children, how much more will your Father in heaven give the Holy Spirit to those who ask him!" Luke 7:11-13 (NIV)*

In Christ,

*Marc*

## Alfred Njau visits from Tanzania

It was so much fun having our friend and missionary, Alfred Njau, with us all the way from Tanzania last month. I hope you got a chance to see and meet him personally. While he was here, in between Sunday worship services, he spoke in Pirtle Hall about how he got to Marvin Church, the many ways that he and his family have personally been supported and blessed by Marvin Church and how we are supporting him and the Amazing Grace church in Tanzania. He also shared about the projects happening, which include the building of a parsonage for Pastor Robert, the ongoing trench projects to help divert the rainwater away from the buildings to prevent future flooding and the building of the primary school next to the preschool.

Alfred and his church are hard at work, literally, with all the construction going on and spiritually, with the most recent conversion of Abdullah. Abdullah works for the government and helps with interference between the Muslims and the Christians in the area. His brother is an Imam in the village, and very influential, yet Abdullah has chosen to follow Christ because of the way he has seen the Lord working in his midst throughout the community, Alfred, the Amazing Grace church, and the YWAM teams. Praise God for the hands and feet of Jesus that are laboring hard and seeing fruit!

### Spiritual Health Snapshot

In April of 2024, Marvin Church took the Renovo Spiritual Life Inventory, the goal of which is to give a snapshot of our spiritual health that then helps us make decisions on how to help our members grow. We took a similar survey (REVEAL) in 2021 with a promise of taking it again in three years to give us an adequate look at where we are and how we have changed. We needed 200 respondents for our dataset to be scientifically valid—we received 290 responses. The debrief of the survey results is underway, but the initial comparisons are in the diagrams to the right.

The working definition of a disciple at Marvin Church is a follower of Jesus Christ growing in love for God and others. Disciples make disciples. And healthy things grow. So, move us towards health and life. Lord Jesus, we are hungry for more of you.
