

ABIDE

Maddison Novak & Mark Alan Schoolmeesters

Verse 1

Don't have to fight for your attention
Or justify the time
Don't have to give a reason
There's no room for me to strive
Your presence is a constant
Everywhere, all the time You
Lord meet me as I find you and teach me to abide

Chorus

The place where I belong
The source that I draw from
Jesus my beloved and faithful friend
With you is where I want to be

Verse 2

Nothing's tied to my perfection
Or here for me to prove
Lord everything I need
Is solely found in You
There's nothing that is hidden
Nothing to disguise
There's freedom in Your presence when I'm learning to abide

Chorus

The place where I belong
The source that I draw from
Jesus my beloved and faithful friend
Jesus You're the one who's always been
With you is where I want to be
To stay right here and never leave

Bridge

My refuge and my fortress
My shelter, lord most high
I will abide
In the shadow of almighty
Every day and night
I will abide

Last Chorus

The place where I belong
The source that I draw from
Jesus my beloved and faithful friend
Jesus You're the one who's always been
The keeper of my heart until the end

With you is where I want to be
To stay right here and never leave

I will abide
