

The Week of:

Feb. 28, 2024

## What's your life like:

What's a challenge you faced in life that you were able to overcome lately?

## What are we talking about this week:

### Main Point of Message:

- We are starting a new series called "Techwise" that's all about how to handle technology with Godly wisdom.

### Bible Verses

- Ephesians 5:15-17, Philippians 4:8, Galatians 5:22-23

### Discussion Questions

1. What's one thing you learned that you didn't know before tonight's message?
2. Have you used chatGPT or AI? What has your experience been?
3. Have you experienced any of the affects of technology on your brain and mind?
4. What negative affects do you think social media in particular has on us?
5. What ways have you seen technology influence people's behavior?
6. Are there any behaviors you've noticed in your own life due to technology use?

## Now what:

- Write down three kinds of technology you think affect you the most. Start thinking about how God would want you to use wisdom and be careful when you use them.
