

Fellow brothers and sister in Christ,

Meet Tiago (tan dog) & his sister Kiara (white dog). For the past year, I have had the pleasure to discern the diocesan priesthood and raise these loving dogs for their first year of life. They are playful, energetic, a little shy, and everything in between. As a result of prayer, some studying, and a retreat or two, I believe that God is calling me to the seminary. If God will's it, and I am accepted, I will no longer be able to care for Tiago and Kiara. I am currently looking for someone who can love them the way Christ would want us to. If you or anyone you know may be interested in taking one and/or the other into their home, please reach out to me or Father George Sears. Thank you for your time. May God's peace be with you!
