Shift?! Introduction
Acts 11:19-26

We can shift into a higher gear:

- In our intention-ality ABOUT making disciples who are then making disciples themselves
- In our relation-ality IN making disciples who are then making disciples themselves

In our shift into a higher gear of disciple-making:

- We will all be more intentional and relational in our efforts to make disciples who are then making disciples themselves.
- We will all give disciple-making more forethought and personal priority as a church.
- We will intentionally plan our church calendar, our events and our activities so that all of our resources of time, energy, and finances help people grow relationally as Jesus followers, who then turn their attention to making disciples themselves.
- We will reflect on what it means to be mature as a Christian, not just having lots of head knowledge about the Bible, theology, and God BUT being men, women and young people who are pouring our lives into others, helping them to know and love God with all their hearts, minds, and strength and their neighbor as themselves.
