

Hey families! Here's a look at what your kid is learning this month.

BIBLE FOR THE MONTH

This month your kids are continuing to learn that God is Creator! All stories will be coming from Genesis 1-2.

JUNE 1ST

This week, kids learn how God made **the seas/water**.

- **CHALLENGE:** Play with water this week – whether you can go swimming or make a sensory tub – engage your kids with water reminding them who made it! Practice water safety and never leave your kids unattended near/with a body of water.

JUNE 8TH

This week, kids learn how God made **the sun**.

- **CHALLENGE:** Take a moment with your kid this week to sit outside in the sun (making sure to put on protective sunscreen!!). Close your eyes and feel it's warmth or cast shadows on the ground with your hands. Talk about how wonderful the sun is.

JUNE 15TH

This week, kids learn how God made **the moon and stars**.

- **CHALLENGE:** Pick the best night of the week and go outside to observe the moon and stars together! If you have a telescope, even better! If not, just point out the moon and its shape and talk about how God made every single star. Try counting them just for fun!

JUNE 22ND

This week, kids learn how God made **sea animals**.

- **CHALLENGE:** Watch Finding Nemo, Finding Dory, Bubble Guppies, or another sea animal cartoon/movie together and talk about how God made all the unique sea animals we see, know, and love!

JUNE 29TH

This week, kids learn how God made **birds**.

- **CHALLENGE:** Consider taking a walk together and seeing if you can hear or see any birds! Try "singing" with the birds or talking about all their beautiful colors!
